EDUCATION

Noida Institute of Engineering and Technology <i>Bachelor of Technology in Computer Science and Engineering - AIML</i>	2022 - 2026 Greater Noida, UP
Bal Bharati Public School School <i>High School (PCM)</i>	2008 - 2022 Noida, UP

PROFILE SUMMARY

Computer Science student specializing in AI/ML with expertise in data structures, algorithm design, and full-stack development. Skilled in building end-to-end machine learning applications and creating data visualizations. Experienced in applying intelligent automation and data-driven decisions to solve real-world problems.

TECHNICAL SKILLS

Languages: Python | HTML/CSS | C++
Frameworks: TensorFlow | PyTorch | FFmpeg | LangChain | Streamlit | Flask
Databases: MySQL | MongoDB
Core Competencies: Analytics | Data Structures and Algorithms | Machine Learning | Deep Learning
Tools: Git | GitHub | Visual Studio Code | Google Colab

PROJECTS

Data Wizard | [Link](#)

Exploratory Data Analysis

- Built a Streamlit app for **automated EDA** with **10+ visualizations** using pandas, seaborn, and matplotlib.
- Deployed **5 ML models with PCA & imputation**; reached 92% accuracy on test data.
- Implemented **5+ statistical tests** (Chi-square, Pearson, Anderson) using scipy/statsmodels.

Spendify | [Link](#)

Bank Account Management System

- Created a Flask app to automate **financial PDF-to-CSV conversion**, reducing manual effort by 80%.
- Integrated **LSTM and ARIMA models** to forecast balances with 90% accuracy.

TrippyTrip | [Link](#)

An AI Trip Planner

- Built an itinerary planning solution with **LangChain and the TripAdvisor API** for **100+ users**.
- Optimized trip planning flow, **reducing time by 50%** and increasing user satisfaction to 85%.
- Leveraged **real-time location and activity data** to generate effective itineraries, **increasing user engagement by 40%**.

COURSES AND CERTIFICATIONS

• Deep Learning for Developers Link	Infosys
• Python for Data Science, AI & Development Link	Coursera
• Getting Started with AI using IBM Watson Link	Coursera

ACHIEVEMENTS

Code Burst DSA Competition: Secured 2nd place among 100+ participants in NIET Coding Contest.

LeetCode: 1600+ Contest Rating, solved 200+ DSA problems.

GeeksforGeeks: 1800+ Contest Rating, solved 500+ DSA problems.
